1. The Tribunal refers to the Parties' submissions of 13 May 2026, attaching their respective document production requests.

2. The Tribunal has carefully considered the Parties' arguments as set out in their respective submissions. The Tribunal's decisions on the document production requests have been included in the attached Annexes A and B, which form part of this Procedural Order.

3. The Tribunal notes the following:

   a. When a request of exhibition of "Documents" is granted, it does not include text messages, social media messages and notes of telephone conversations unless they were specifically requested and this request was specifically granted, as such exhibition would be excessively burdensome.

   b. In case a party invokes a privilege, the confidential nature of a document or commercial sensitivity as a ground not to exhibit it, it shall list the document on the attached "Privilege/Confidentiality log".

For and on behalf of the Tribunal,

[Signed]

Yves Derains
